Ergonomic Design

The Verona Signature Soft Fabric™ is developed with Arozzi's signature ergonomic design, making it easier on your back and posture for longer periods of use. The chair comes equipped with 2 soft adjustable pillows: a lumbar pillow to support your back & a headrest pillow to support your neck and head.

Durable Upholstery Furniture Fabric

The breathable material is designed for the body to stay cool for long term usage so you can stay focused! The durable fabric is also built to last with ISO tested qualities such as tear growth resistance, seam slippage resistance, and tensile strength. Another added benefit of the fabric is how quiet it is, not producing the rubbing noise like in pleather or leather chairs.

Functionality

Adjustable Height

You can adjust the height of the seat using the handle. Find the perfect position for you!

Adjustable Backrest

Working hard and need a rest? Recline the backrest at 4° lockable increments. Find the right angle for you that compliments your body and posture.

Rocking Function

The chair can be locked in a fixed upright position or can be unlocked to freely tilt back and forth in a rocking motion up to 12°. Use the adjustment wheel to set the desired resistance.

Lock-Tilt Function

Like your chair leaned back a few degrees? The locking tilt function allows you to not only rock back the seat & backrest but also lock it in a position that fits you.

4D Armrests

The armrests are adjustable in 4 dimensions, moving with an easy push of a few buttons. With the increased adjustability, your forearms and elbows get the support and comfort while you are working or playing hard during long periods.
