Arozzi Occhio - True Privacy™ Ring Light Webcam
SKU: AZ-OCCHIO-RL, UPC: 850009447999

Short text:

The Arozzi Occhio is the first webcam of its kind, offering true privacy. Many other webcams have a mute function in the software, making them vulnerable to being hacked, but Occhio introduces a manual microphone circuit breaker, making it possible to obtain true privacy.

- Manual Microphone Circuit Breaker
- 1080p & 30FPS
- Magnetic Lens Privacy Cover

Long text:

The Arozzi Occhio is the first webcam of its kind, offering true privacy. Many other webcams have a mute function in the software, making them vulnerable to being hacked, but Occhio introduces a manual microphone circuit breaker, making it possible to obtain true privacy.

- Manual Microphone Circuit Breaker
- 1080p & 30FPS
- Magnetic Lens Privacy Cover
- Omni-Directional Double Microphones
- Autofocus Lens

Features

True Privacy™

With the Arozzi Occhio you can have complete confidence that you attain true privacy at your request. Not only can you block the lens with a simple and handy magnetic lens cover, but also cut off electricity to the microphones through the Occhios manual circuit breaker.

Multi-Purpose Mounting Clip

The Occhio is easy to attach at the top of your screen, but you also have the option to attach it to a stand if that would suit your needs better. The tripod attachment is a 1/4 inch screw hole.

Autofocus & Light Correction

The Occhio will automatically help you adjust the light and focus to look good, with no drivers needed. Just plug and play!

1080p & 30FPS

You can seamlessly stream and record in full HD. The Occhio uses a CMOS sensor as well as a glass lens, making your recording colorful and clear.

Ring Light

The ring light is made to cast an even light onto the subject. It reduces shadows in the face and minimizes blemishes. It also illuminates your eyes, giving them a halo-like effect. The strength of the light can be adjusted step-less and you can choose between 3 different colour temperatures.

Touch Panel Control

The ring light can be controlled through a touch panel on the top of the camera. Holding it down will increase/decrease the amount o light, and tapping it will change the warmth and turn if on/off.

Occhio Control Panel

Download our new control panel for the Occhio! It includes advanced setting for the camera, letting you get the very best quality and performance for your environment.

Specifications
