

Arozzi ZONA Mouse Pad 360x300x3mm
SKU: AZ-ZONA-360, UPC: 850009447098

Arozzi ZONA Mouse Pad 900x420x4mm
SKU: AZ-ZONA-900, UPC: 850009447104

Short text:

One of the most underrated features of having a mouse pad is how it protects your wrists. With lots of repetitive movements, your wrists can endure lots of friction from a hard surface – not to mention your mouse & desk getting scratched up and worn out faster. The Zona Mouse Pads are 3-4 mm thick so your wrists can get some nice cushioned support and avoid the cold surface of a hard surface desk.

- Soft and flexible cloth for a soft cushioned support & easy transport
- Anti-slip rubberized bottom
- Double-deck polyester fabric for an evenly smooth surface

One of the most underrated features of having a mouse pad is how it protects your wrists. With lots of repetitive movements, your wrists can endure lots of friction from a hard surface – not to mention your mouse & desk getting scratched up and worn out faster. The Zona Mouse Pads are 3-4 mm thick so your wrists can get some nice cushioned support and avoid the cold surface of a hard surface desk.

- Soft and flexible cloth for a soft cushioned support & easy transport
- Anti-slip rubberized bottom
- Double-deck polyester fabric for an evenly smooth surface
- Protect your desk and mouse from scratches and corrosion

Features

Double-Deck Polyester Fabric & Anti-Fray Stitching

Compared to hard surface mouse pads, the cloth style offers much more control to your movements. This is ideal for those who demand a high amount of control while gaming with a high DPI mouse setting – or, for those who are editing with precision. The cloth mouse pad has stitching lined around the edges to prevent it from fraying and due to its flexibility, it is also able to be rolled up for easy storage & transport.

Rubberized Bottom & Smooth Even Surface

Get the grip you need when you are in game mode with a rubberized bottom to ensure that the mouse pad stays firmly in place. The Anti-Slip rubber also prevents it from bunching up like waves so you can have a smooth & even surface without interruption.

Basic or Extra Large

Get the basic size for any average user – Or, get the Extra Large for those who crave a larger surface. The larger mouse pads are primarily utilized in gaming when the player has lower DPI settings and needs that extra space for shooting accuracy.

Dimensions

| | |
|---------------------|---|
| Gross Weight Small | 0.29 kg / 0.64 lbs |
| Netto Weight Small | 0.2 kg / 0.44 lbs |
| Box Dimension Small | 35 x 5 x 5 cm / 13.8 x 2 x 2 inches |
| Gross Weight XL | 1.06 kg / 2.34 lbs |
| Netto Weight XL | 0.9 kg / 1.98 lbs |
| Box Dimension XL | 46.5 x 9 x 9 cm / 18.3 x 3.5 x 3.5 inches |
