Short text:

The Vernazza – Vento™ design is Arozzi's top-rated Vernazza chair, but with a soft yet durable fabric used in quality furniture. The breathable material is exceptionally pleasing to sit in and at the same time keeping you cool for long term use. Even the PU details are perforated to attain maximum breathability, and still, look amazing.

- Soft Fabric™, soft yet durable furniture fabric
- Stylish automotive PU leather details & full back
- Perforated automotive PU leather with increased breathability

Features

Automotive PU Leather

The Vento uses a new type of PU leather frequently found in nice cars. It offers a higher durability and scratch resistance while maintaining its nice feel.

New Look, Same Quality

The new PU leather additions to the chair gives it a fresh appearance. The leather is perforated, making the chair maintain its breathability whilst looking great. The chair has a full PU leather back, giving it yet another element of character and texture.

Aluminum Base

The Vernazza Vento™ has a wheel base made out of aluminum, making it extremely durable but also giving it a clean and metallic look.

Durable Furniture Fabric

The breathable Soft Fabric™ material is designed for the body to stay cool for long term usage so you can stay focused. The durable fabric is also built to last with ISO tested qualities such as tear growth resistance, seam slippage resistance, and tensile strength. Another surprisingly pleasant feature of the fabric is how quiet it is, not producing the rubbing noise like in full PU leather or full leather chairs.

Ergonomic Design

The Vernazza Vento™ is developed with Arozzi's signature ergonomic design making it easier on your back and posture for longer periods of use. It is equipped with 2 soft adjustable pillows: a lumbar pillow to support your back & a headrest pillow to support your neck and head.

Functionality

Adjustable Height

You can adjust the height of the seat using the handle. Find the perfect position for you!

Adjustable Backrest

Working hard and need a rest? Recline the backrest at 4° lockable increments. Find the right angle for you that compliments your body and posture.

Rocking Function

The chair can be locked in a fixed upright position or can be unlocked to freely tilt back and forth in a rocking motion up to 12°. Use the adjustment wheel to set the desired resistance.

Lock-Tilt Function

Like your chair leaned back a few degrees? The locking tilt function allows you to not only rock back the seat & backrest but also lock it in a position that fits you.

3D Armrests

The padded armrests are not only able move up & down. They can slide forwards & backwards, and rotate in & out. For those who want to find the best position for the armrests this 3-dimensional style is one of our most alterable

Adjustable Lumbar Pillow

The chair comes equipped with one soft adjustable lumbar pillow giving you extra support for your back. You can also adjust the included neck pillow to your desired position.
