SKU: AZ-FOOTREST-SFB-DG, UPC: 850032247160

Arozzi Footrest - Velvet - Black
SKU: AZ-FOOTREST-VELVET-BK, UPC: 850047390998

Short text:

An under-desk footrest is important in creating a comfortable and healthy position for your feet while gaming or working. It improves your long-term health when sitting for extended periods at a time.

The adjustable height of the Arozzi footrest makes it suit all individuals. It has a stylistically clean look which makes it blend in well in any environment.

The Arozzi footrest is made from high-density memory foam that helps improve your posture and increases blood circulation to your legs. It can also be modified in various ways to meet the needs of the user.

- Adjustable height
- High-quality material & memory foam
- Improved ergonomics

Long text:

Many people opt for a proper gaming- or office chair to improve their posture and support while gaming, which is great, but few realize that an under-desk footrest can be equally important in creating a comfortable and healthy position for your feet which, in turn, improves your long-term health when sitting for extended periods at a time.

The adjustable height of the Arozzi footrest makes it suit all individuals. It has a stylistically clean look which makes it blend in well in any environment. If you want to half it in height, you can opt to remove the bottom layer, which is attached to the upper layer with Velcro.

The Arozzi footrest is made from high-density memory foam that helps improve your posture and increases blood circulation to your legs. Another benefit of the footrest's shape is that you can flip it and turn this footrest into a rocker, making it both comfortable and multi-purposed.

- Adjustable height
- High-quality material & memory foam
- Improved ergonomics
- Bottom grip rubber
- Rocking function

Features

Adjustable height

The adjustable height of the Arozzi footrest makes it suit all individuals. If you want lower it in height, you can opt to remove the bottom layer, which is attached to the upper layer with Velcro.

High-quality material & memory foam

The Arozzi footrest is made from high-density memory foam that helps improve your posture and increases blood circulation to your legs. The outer layer is covered in our Soft Fabric™ upholstery which is a durable furniture fabric that's built to last.

Improved ergonomics

One important thing when it comes to sitting and ergonomics is to be able to have both feet planted on the ground. And if you are on the shorter side a footrest can help you do just this.

Our footrest will help you keep your body in an upright position and prevent your legs from hanging uncomfortably. Blood flow and circulation will increase, which in turn lowers the chance of leg pain and stiffness.

Bottom grip rubber

You do not want the footrest to slip or budge easily, therefore the bottom of the footrest has rubber dots that help it to stay in place.

Rocking function

By turning the footrest upside down you can turn it into a rocker. This helps encourage leg and foot movement throughout the workday or gaming session when people tend to be most inactive.
