Introducing the Torretta Supersoft™, a stylish evolution of our beloved Torretta series. With an ergonomic design, this chair prioritizes your comfort and posture, allowing you to enjoy extended periods of use with ease. It comes complete with two plush support pillows – a lumbar pillow for your lower back and a headrest pillow to cradle your neck and head. Discover the perfect blend of style and ergonomic support in the Torretta Supersoft™.

- Supersoft™ - Smooth yet durable furniture fabric
- 3-Dimensional armrests

- Rocking function that tilts the seat and backrest up to 12°
- Tough metal frame that supports up to 120kg/ 265 lbs
- Backrest that can be reclined up to 165° in 4° lockable increments

Features

Ergonomic Design

The Torretta SoftPU™ is developed with Arozzi's signature ergonomic design making it easier on your back and posture for longer periods of use. It is equipped with 2 soft support pillows: a lumbar pillow for your back and a headrest pillow to support your neck and head.

Supersoft™

The Supersoft™ is a type of microfiber fabric made with very fine synthetic fibers. Because the fibers are so small, the fabric is much denser, which means that less dust or other allergens can sink into the fabric, which in turn makes your furniture more allergy friendly.

Another advantage of the dense fabric is that liquid stays on top of the surface instead of immediately penetrating the fibers, which gives you some time to clean up the liquid before it stains. The material also holds its color well and will look fresh and new longer than many other fabrics.

Functionality

Adjustable Height

You can adjust the height of the seat using the handle. Find the perfect position for you!

Adjustable Backrest

Working hard and need a rest? Recline the backrest at 4° lockable increments. Find the right angle for you that compliments your body and posture.

Rocking Function

The chair can be locked in a fixed upright position or can be unlocked to freely tilt back and forth in a rocking motion up to 12°. Use the adjustment wheel to set the desired resistance.

3D Armrests

The padded armrests are not only able move up & down. They can slide forwards & backwards, and rotate in & out. For those who want to find the best position for the armrests this 3-dimensional style is one of our most alterable.

Adjustable Lumbar Pillow

The chair comes equipped with one soft adjustable lumbar pillow giving you extra support for your back. You can also adjust the included neck pillow to your desired position.

Specifications
