Short text:

The Avanti is a great addition to our renowned chair series, with an ergonomic focus that prioritizes your comfort and posture for extended periods of use with ease.

- 3-Dimensional armrests
- Rocking function that tilts the seat and backrest up to 12°
- Tough metal frame supporting up to 120kg / 265 lbs.

Long text:

The Avanti is a great addition to our renowned chair series, with an ergonomic focus that prioritizes your comfort and posture for extended periods of use with ease. It comes equipped with a plush head pillow for added support.

The Avanti features a unique stitch pattern design and is available in a variety of colors, with Soft Fabric™ material on the front and PU leather on the back, providing both comfort and a stylish appearance. You can read more about the different materials below.

- 3-Dimensional armrests
- Rocking function that tilts the seat and backrest up to 12°

- Tough metal frame supporting up to 120kg / 265 lbs.
- Wide variety of color options
- Breathable Soft Fabric™ front, stylish PU leather back
- Unique stitched pattern design

Features

Ergonomic Design

The Avanti is developed with Arozzi's signature ergonomic design making it easier on your back and posture for longer periods of use. It is equipped with a headrest pillow to support your neck and head.

Sturdy Frame

This model features a robust frame capable of supporting up to 120 kg (265 lbs). Inspired by the design of sports car seats, the frame provides a snug, embracing feel for optimal comfort and support.

Durable Upholstery Furniture Fabric

The breathable Soft Fabric™ material is designed for the body to stay cool for long term usage so you can stay focused! The durable fabric is also built to last with ISO tested qualities such as tear growth resistance, seam slippage resistance, and tensile strength. Another added benefit of the fabric is how quiet it is, not producing the rubbing noise like in pleather or leather chairs.

Functionality

Adjustable Height

You can adjust the height of the seat using the handle. Find the perfect position for you!

Adjustable Backrest

Working hard and need a rest? Recline the backrest at 4° lockable increments. Find the right angle for you that compliments your body and posture.

Rocking Function

The chair can be locked in a fixed upright position or can be unlocked to freely tilt back and forth in a rocking motion up to 12°. Use the adjustment wheel to set the desired resistance.

3D Armrests

The padded armrests are not only able move up & down. They can slide forwards & backwards, and rotate in & out. For those who want to find the best position for the armrests this 3-dimensional style is one of our most alterable.
