- Full-surface microfiber mousepad covering the whole table
- Mousepad is water-resistant and machine washable
- 3 Cutouts for cable management and monitor attachment

Long text:

The Arena Small is a slimmer, compact version of the award-winning Arena desk. It offers a space-efficient design without compromising performance or style.

The Arena Small is crafted for those who need a high-performance gaming desk that fits into tighter spaces. Its streamlined profile makes it the perfect choice for apartments, dorm rooms, or any gaming nook where space is at a premium.

- Full-surface microfiber mousepad covering the whole table
- Mousepad is water-resistant and machine washable
- 3 Cutouts for cable management and monitor attachment
- Cable management basket tightly fit under the desk
- Sturdy steel legs for long-lasting stability

Features

Full-Surface Mousepad

The entire surface of the desk is covered with an interchangeable microfiber mousepad on top of a tough MDF board. This specially designed mousepad perfectly aligns with the Arena Desk's curved layout, and its anti-slip rubber underside guarantees it remains firmly in place.

Water-resistant & Easy to Clean

Additionally, the full-surface mousepad is water resistant for effortless cleanup. For a deeper clean, simply toss it in your washing machine at a low temperature, followed by air drying. Maintenance made simple!

Cable Management

The Arena Small features three strategically positioned surface cutouts, guiding cables neatly to a mesh basket snugly secured beneath the desk. This streamlined system simplifies cable management, keeps them discreetly out of sight, and enhances the desk's aesthetics.

Monitor Attachment

These three cutouts serve a dual purpose, not just for efficient cable management but also for attaching monitor stands. It's spacious enough to hold 2 large-sized monitors.
