Description

Introducing Arozzi's 49-inch curved ultrawide gaming monitor — the ultimate display for immersive gameplay, creative work, and next-level multitasking.

The Nova 49" delivers a massive UWQHD resolution on a VA panel, offering expansive views, rich contrast, and seamless visuals with a 165Hz refresh rate and 1ms response time. Whether you're diving into flight sims, editing ultra-wide timelines, or managing multiple windows, this monitor provides the space and performance to do it all. Available in a variety of colors to complement your workspace or battlestation.

- VA Panel
- 165Hz Refresh rate
- 5120 x 1440 UWQHD-resolution
- Curvature: R1500
- 32:9 aspect ratio
- 1ms MPRT Response time
- Adaptive Sync support
- HDR10 with 350 nits Peak brightness
- Color support: 100% sRGB / 95% DCI-P3
- Wide variety of color options
- Display finish: Matte
- Multiple ports for use with both PC and consoles
- Built in speakers (2x3W)
- Flicker-free technology
- Low blue light mode
- Vesa ready – 75x75mm (100x100mm with included adapter)
- Wall mountable: Yes
- HDMI: 2x
- DisplayPort: 1x

- USB-C: 1x (USB 3.0)
- USB-B: 1x (USB 2.0)
- USB-A: 2x (USB 2.0)
- Viewing angle: 178°/178°
- Energy efficiency rating: F
- 3 Year warranty

Features

Enhanced Connectivity

Streamline your setup with flexible connectivity. The multiple HDMI and DisplayPort input let you keep your PC and console plugged in at the same time, so you can switch devices without rewiring. A USB-C port with 65W Power Delivery makes single-cable laptop setups easy, while the built-in USB hub and automatic KVM switch keep all your peripherals connected and ready to go.

Sleek and efficient

Featuring a slim, bezel-less design, the Arozzi Nova not only saves space but also offers an immersive viewing experience. There's also an RGB ring on the back of the monitor, making the Arozzi Nova look great in any space.

HDR Support

Enhancing the dynamic range of visuals with up to 350 nits peak brightness for more realistic, captivating gameplay and videos.

Stunning Visuals

Experience crystal-clear imagery with a UWQHD resolution (5120 x 1440 VA panel, ensuring vibrant colors and sharp details from any viewing angle.

Adaptive Sync Technology

Enjoy tear-free and stutter-free gaming with support for adaptive sync, ensuring smooth and responsive visuals for any brand of GPU.

165Hz Refresh rate for Ultra-smooth Visuals

The Arozzi Nova features a lightning-fast 165Hz refresh rate. This dramatically reduces eye strain compared to traditional 60Hz monitors, ensuring a more comfortable and immersive gaming experience. With this level of performance, gamers of all skill levels will notice improved reaction times and gain a competitive edge.

1ms response time for seamless motion and clarity

Enjoy ultra-responsive gameplay with a blazing-fast 1ms MPRT response time. This keeps you fully immersed in fast-paced action, giving you a competitive edge. With

near-instant reactions, you'll never miss a moment and can stay ahead of the competition.

Flicker-free technology

Flicker-free technology eliminates screen flickering at all brightness levels, minimizing eye strain for a more comfortable viewing experience. Traditional LCD screens flicker up to 200 times per second, which can cause fatigue even if it's not visible. Upgrade to a flicker-free monitor and give your eyes the relief they deserve.

Low Blue Light mode

Game comfortably for hours with the Low Blue Light mode, which reduces blue light emissions to minimize eye strain and enhance viewing comfort, day or night.
