Description

The Alzare Neo isn't just built for function; it's designed to complete your setup. With a durable all-metal construction and multiple color options that match Arozzi desks, PC holders, monitors, and accessories, the Neo delivers a clean, unified look that ties your entire battle station or workspace together.

Whether you're going for bold contrast or a perfectly color-matched theme, the Alzare Neo lets your setup stand out with style.

- Available in multiple colors to match Arozzi desks and accessories
- Gas spring arm for smooth, effortless adjustment
- VESA 75x75 & 100x100 compatibility with quick-release plate
- Max screen weight: 9 kg / 19.8 lbs
- Tilt range: +45° / -45°
- Swivel range: +90° / -90°
- 360° screen rotation
- 360° arm rotation with optional 180° lock screw
- Adjustable gas spring tension
- Removable VESA plate for easy installation
- Integrated tool-free cable management
- Mounting options: Grommet or C-clamp (both included)

Features

Style Meets Flexibility

No matter your screen size or layout, the Alzare Neo gives you the flexibility to position your monitor exactly how you like it, portrait or landscape, high or low, angled just right. The single-arm setup offers maximum adjustability, and the matching color options let you create a visually seamless look across your entire desk.

Pair it with an Arena desk, color-matched PC holder, or one of Arozzi's monitors for a clean, coordinated design.

Above-Desk Installation

Forget crawling under the desk. The Alzare Neo mounts from above in seconds, fast, simple, and secure. It's ideal for home offices, gaming rigs, or studio setups where adjustability and speed matter most.

Tidy Cables, Clean Aesthetic

The Neo features built-in cable routing with clip-on covers, keeping your display and power cables neatly tucked away. Combined with the cable cut-outs on Arena desks, you can keep your workspace sharp and distraction-free.

Built for Arozzi — Compatible with Anything

While the Alzare Neo is a perfect match for Arozzi's Arena desk series, it's designed to fit virtually any desk setup. Use the grommet mount for a secure, integrated installation through pre-drilled holes, or opt for the included C-clamp to attach it to the back edge of your desk, no drilling required. Whether you're using an Arozzi desk or another brand, the Neo delivers a stable, flexible mounting solution that works anywhere.
