Features

Built for Bigger Screens

From ultrawide to color-accurate professional panels, the Neo Pro handles monitors up to 20 kg with ease, offering full adjustability without wobble or sag. Whether you're positioning a single massive display or integrating with multiple screens, the Neo Pro offers smooth tilt, rotation, and height adjustments to fit your workflow or play style.

Above-Desk Installation

Mounting the Neo Pro is fast and frustration-free thanks to its above-desk design. No need to crawl underneath, just drop it into place, tighten, and go. Perfect for high-performance setups where time and flexibility matter.

Smart Cable Management

Two built-in cable channels with clip-on covers let you route your display and power cables cleanly through the arm, no screws, no clutter. Pair it with Arena Desk cut-outs for a crisp, streamlined aesthetic.

Perfect Match for Arozzi — Compatible with Any Desk

The Neo Pro is made to integrate flawlessly with Arozzi desks, especially when mounted through the cable cut-outs using the grommet option. Prefer edge mounting? The included C-clamp has you covered. Wherever and however you install it, the Neo Pro provides a rock-solid foundation for your heavyweight display.
