

# SFERA PRO

## USB Microphone

The Sfera Pro is a studio-quality microphone designed for streaming and gaming in style. The USB connection cord allows users to simply 'Plug-in & Play' for an easier set up on PCs, Macs, and popular gaming consoles. In comparison to the Sfera, the Sfera Pro offers switchable pickup settings for more diverse recording by adding Cardioid -10dB and Omnidirectional for those who want to add more presence to their recording. The Sfera Pro can also be placed on top your desk on an adjustable stand or attached to your microphone boom mount for varying uses.
