

OCCHIO True Privacy™ Webcam

USB Web Camera

FEATURES ▶

The Arozzi Occhio is the first webcam of its kind, offering true privacy. Other webcams on the market only provide a mute function that is software based making them vulnerable to being hacked. The Occhio introduces a manual microphone circuit breaker, making it possible to obtain true privacy at the flip of a switch. The Occhio is available with or without the built in ring light to suit your personal preference.
