Short text:

The Vernazza Soft Fabric™ design is from Arozzi's top rated Vernazza chair but with a soft yet durable fabric used on quality furniture. The breathable material is exceptionally pleasing to sit in and at the same time keeping you cool for long term use. The wheel base also got an upgrade to an aesthetically pleasing aluminium metal with a matte black finish and the gas lift got additional height added to seat height ideal for taller body types.

- Soft yet durable furniture fabric
- Soft neck & lumbar support pillows
- Adjustable height gas spring that supports up to 145kg/ 320 lbs

The Vernazza Soft Fabric™ design is from Arozzi's top rated Vernazza chair but with a soft yet durable fabric used on quality furniture. The breathable material is exceptionally pleasing to sit in and at the same time keeping you cool for long term use. The wheel base also got an upgrade to an aesthetically pleasing aluminium metal with a matte black finish and the gas lift got additional height added to seat height ideal for taller body types.

- Soft yet durable furniture fabric
- Soft neck & lumbar support pillows
- Adjustable height gas spring that supports up to 145kg/ 320 lbs
- Large and spacious seat and backrest
- Sturdy metal frame and aluminium wheel base
- Pro locking tilt mechanism & 3D armrests.
- Large premium casters

Features

Ergonomic Design

The Vernazza Soft Fabric™ is developed with Arozzi's signature ergonomic design making it easier on your back and posture for longer periods of use. It is equipped with 2 soft adjustable pillows: a lumbar pillow to support your back & a headrest pillow to support your neck and head.

Go Big

The Vernazza Soft Fabric™ is one of Arozzi's bigger chairs with a weight capacity of 145kg (320 lbs.) and a spacious hugging backrest. The gas lift has additional height added to it making it one of Arozzi's highest raising seats. It also has an extra tall seat ideal for those who are big & tall or just enjoy the extra space.

Durable Furniture Fabric

The breathable Soft Fabric™ material is designed for the body to stay cool for long term usage so you can stay focused. The durable fabric is also built to last with ISO tested qualities such as tear growth resistance, seam slippage resistance, and tensile strength. Another surprisingly pleasant feature of the fabric is how quiet it is, not producing the rubbing noise like in full PU leather or full leather chairs.

Aluminum Base

The Vernazza Soft Fabric™ has a wheel base made out of aluminum, making it extremely durable but also giving it a clean and metallic look.

Functionality

Adjustable Height

You can adjust the height of the seat using the handle. Find the perfect position for you!

Adjustable Backrest

Working hard and need a rest? Recline the backrest at 4° lockable increments. Find the right angle for you that compliments your body and posture.

Rocking Function

The chair can be locked in a fixed upright position or can be unlocked to freely tilt back and forth in a rocking motion up to 12°. Use the adjustment wheel to set the desired resistance.

Lock-Tilt Function

Like your chair leaned back a few degrees? The locking tilt function allows you to not only rock back the seat & backrest but also lock it in a position that fits you.

3D Armrests

The padded armrests are not only able move up & down. They can slide forwards & backwards, and rotate in & out. For those who want to find the best position for the armrests this 3-dimensional style is one of our most alterable.

Adjustable Lumbar Pillow

The chair comes equipped with one soft adjustable lumbar pillow giving you extra support for your back. You can also adjust the included neck pillow to your desired position.
