The Arena is rated one of the top gaming style desks on the market by IGN.com: "Best Dedicated Gaming Computer Desk". Our Swedish designers created it to optimize your gaming and computing experience with utilizable features, sturdy long lasting materials, and simple aesthetics.

- Full-surface mouse pad
- Mouse pad is water-resistant and machine washable
- Large surface at 160x82cm/ 5'3"x2'8.25"
- 3 Cut outs for cable management and monitor attachment
- Cable management basket tightly fit under the desk
- Sturdy steel legs for long-lasting stability

Features

Huge Full-Surface Mousepad

The entire surface of the Arena desk is covered with an interchangeable microfiber mousepad on top of a tough MDF board. The mousepad is specially designed to custom fit the curved 14 sq. ft. (1.31 sq. meters) Arena desk with an anti-slip rubber bottom to ensure that it stays in place.

Water-resistant & Easy to Clean

The full-surface mousepad is also water resistant, making clean up easy and simple. If you wish to have a more thorough cleaning, just throw in your machine washer at a low temperature & air dry afterwards.

Cable Management

The Arena has 3 cut-outs on top of the surface leading to a mesh basket that is tightly attached to the underside of the desk, making it easy to manage all your cables.

Monitor Attachment

The 3 cut outs are not only for cable management but for attaching monitors as well. The 160cm (5'3") wide desk is spacious enough to hold 3 large sized monitors.

Height Adjustable

The Arena is held up with sturdy steel legs that are height adjustable up to 10cm (3.9inches). Use the hex key to straighten the legs and add extra stability. There are also 4 balance adjustment knobs below the feet to prevent the desk from wobbling so it can adapt to your personal environment.
