FOOTREST - Soft FabricTM

An under-desk
footrest is important in creating
a comfortable and healthy position for
your feet while gaming or working. It
improves your long-term health when sitting for
extended periods at a time.

The adjustable height of the Arozzi footrest makes it suit all individuals. It has a stylistically clean look which makes it blend in well in any environment. The Arozzi footrest is made from high-density memory foam that helps improve your posture

It can also be modified in various ways to meet the needs of the user.

and increases blood circulation to your legs.
