Long text:

Unleash the true potential of your gaming setup with the all-new Arozzi Arena Angelo, a cutting-edge corner desk version of the renowned Arozzi Arena gaming desk. Designed with gamers in mind, the Arena Angelo seamlessly blends form and function to create the ultimate gaming command center.

- Full-surface mouse pad
- Mouse pad is water-resistant and machine washable
- Large surface for all your needs

- 3 Cut outs for cable management and monitor attachment
- Cable management basket that tightly fit under the desk
- Sturdy steel legs for long-lasting stability

Features

Full Surface Mousepad

The entire surface of the Arena Desk is covered with an interchangeable microfiber mousepad on top of a tough MDF board. This specially designed mousepad perfectly aligns with the Arena Angelo Desk's curved layout, and its anti-slip rubber underside guarantees it remains firmly in place.

Water-resistant & Easy to Clean

Additionally, the full-surface mousepad is water resistant for effortless cleanup. For a deeper clean, simply toss it in your washing machine at a low temperature, followed by air drying. Maintenance made simple!

Height Adjustment

The Arena is held up with sturdy steel legs that are height adjustable up to 10cm. Use the hex key to straighten the legs and add extra stability. There are also 4 balance adjustment knobs under the feet to prevent the desk from wobbling so it can adapt to your personal environment.

Cable Management

The Arena features three strategically positioned surface cutouts, guiding cables neatly to a mesh basket snugly secured beneath the desk. This streamlined system simplifies cable management, keeps them discreetly out of sight, and enhances the desk's aesthetics.

Monitor Attachment

These three cutouts serve a dual purpose, not just for efficient cable management but also for attaching monitor stands. The Angelo desk offers an immense amount of room to fit up to three large-sized monitors simultaneously, as well as perfectly putting you in the middle of the action with the monitors facing you directly due to the shape of the desk.

Space-Saving Brilliance

Maximize your gaming space with the unique corner design of the Arena Angelo. Perfectly tailored to fit into any room, this desk optimizes every inch, giving you the freedom to customize your gaming haven without compromising on space.

Easy Assembly

No need to stress over complicated assembly processes. The Arena Angelo is designed for hassle-free setup, allowing you to dive into your gaming adventures in no time.

Ergonomic Excellence

Built for comfort and endurance, the Arena Angelo features a spacious and ergonomic desktop, providing ample room for multiple monitors, peripherals, and all your gaming essentials. Say goodbye to clutter and hello to organized gaming bliss.

Included Headset Hanger

A headset hanger is included with the Arena Angelo. It can be attached underneath the desk on the right or left side.
